

Automation & regulation  
solutions adapted  
to your needs.

Let it take care  
of its own.

Your pool becomes autonomous thanks  
to SOLEO® which locally controls all  
devices, guaranteeing the good  
quality of the water in your pool.

SOLEO®  
Guarantees water quality.

# SOLEO®

## REGULATION SYSTEM

-  Adapts the filtration duration to the water temperature. Energy savings.
-  Anti-freeze protection (via activation of filtration).
-  Display of the water temperature.
-  Disinfection via control of a salt chlorine generator or a dosing pump (accessories supplied separately).

Available in a semi-public pool version (hotel, leisure centre, etc.).

**SOLEO CHLORE®**  
amperometric regulation

  is an important standard because it adopts a new approach to product tests, focusing on the risks for the ICT (information and communication technology) in North America and the EU.

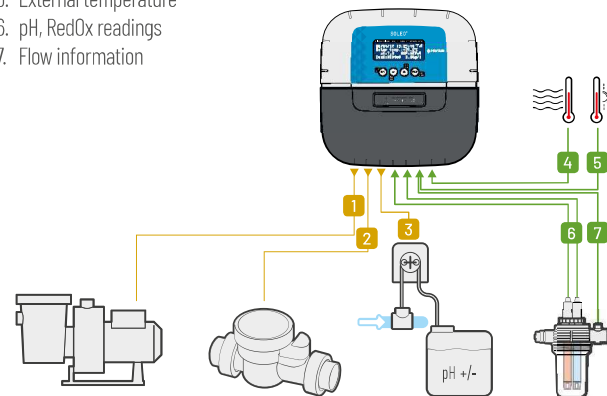

TRADEGRADE

-  pH control via a dosing pump (supplied separately).
-  System can be upgraded with SPEEDEO® to control variable speed pump, lighting and a heat pump.

1. Control of single-speed pumps
2. Disinfection by electrolyser or dosing pump
3. pH regulation
4. Water temperature
5. External temperature
6. pH, RedOx readings
7. Flow information
